DEVELOPMENT COUNCIL

Project Overarching Goals:

- a. Teachers will increase their capacity to effectively leverage digital technologies and transform daily classroom instruction.
- b. Students will increase their technology skills, soft skills, and digital fluency skills in order to be competitive in today's 21st century workforce.

Be part of the 2022-2023 cohort of educators!

Participating teachers' responsibilities:

- Actively participate in a 3-day *equivalent* summer institute, delivered fully online with synchronous and asynchronous components
- Actively participate in a mentor-supported Professional Learning Community (PLC) during the school year to help with the design and implementation of digitally-rich learning experience for their students
- For a selection of these digitally-rich learning activities, prepare online materials other teachers could use
- Participate in seven monthly 1.5 hour Zoom sessions during the school year (August - February) to share these experiences, gain more relevant knowledge, and support the preparation of materials for other teachers.
